U.S. NAVAL SEA CADET CORPS U.S. NAVY LEAGUE CADET CORPS	**CADET APPLICATION** **MEDICAL HISTORY SUPPLEMENTAL**	*FOR OFFICIAL USE ONLY*

NOTICE

This form, used as a supplement to the Report of Medical History, is MANDATORY for all Cadets who are currently taking medication and will report to training with prescription and/or non-prescription (over the counter) medications. Cadets may bring prescription and non-prescription medication to training as long as the medication is not for a contagious illness or physical condition that would normally preclude his/her full participation in rigorous physical activity. Medication must NOT have expired. This form is to be used in conjunction with the current report of Medical History when screening cadets prior to attending "ALL" trainings for those taking medications.

THE INFORMATION YOU PROVIDE MUST BE ACCURATE AND COMPLETE. If the cadet is taking prescription medications, a qualified medical provider must endorse this document in Section 10, confirming the accuracy of the prescription information provided. Medical provider signature for OTC medications is NOT REQUIRED; parent signature is sufficient for OTC medications.

Commanding Officers of Training Contingents (COTC) and Senior Escort Officers (SEO) retain the obligation and right to deny acceptance for training to any Cadet if upon review of the Report of Medical History and this document, it is determined that the Cadet is not physically and/or medically qualified (without ADA accommodation). This includes a determination that they do not have sufficient or qualified personnel to administer required medications. Parents/Legal Guardians should be consulted before making these type determinations.
